

## SAFETY DATA SHEET

Product: **SCE823624 SERENE BREEZE**Print Date: **September 27, 2024**

## SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: SERENE BREEZE  
Product Code: SCE823624  
Customer Material:  
Product Use Description: Fragrance Compound  
Company: VAPORO Fragrances & Specialties NJ CORP  
200 Clifton Blvd – Suite 2  
Clifton, NJ 07011

## SECTION 2. HAZARDS IDENTIFICATION

## GHS-Classification

Flammable liquids, Category 4  
Skin irritation, Category 2  
Eye irritation, Category 2A  
Skin sensitisation, Category 1  
Reproductive toxicity, Category 2

## GHS-Labeling

Symbol(s):

Signal word:

WARNING

Hazard statements:

H227: Combustible liquid.  
H315: Causes skin irritation.  
H317: May cause an allergic skin reaction.  
H319: Causes serious eye irritation  
H361: Suspected of damaging fertility or the unborn child.

Precautionary statements:

P210: Keep away from heat/ sparks/ open flames/ hot surfaces. No smoking.  
P280: Wear protective gloves/ protective clothing/ eye protection/ face protection.  
P302 + P352: IF ON SKIN: Wash with plenty of soap and water.  
P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

## Carcinogenicity:

No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.

Document Date: **September 25, 2024****VAPORO FRAGRANCE & MAKERS SUPPLIES**

All the information provided herein is true and accurate at the date of issue and is based on our current of the composition of our products and of the composition of individual ingredients contained therein, based on internal measurements, data obtained from our vendors, or literature data. Customer shall be solely responsible for determining the appropriateness of VAPORO products for their intended use, and for ensuring that any claims, promotions, marketing and sales decisions that they may make with respect to their products shall be in compliance with all applicable laws and regulations.

This communication contains information of VAPORO and/or its affiliates that is confidential, proprietary, copyrighted and/or legally privileged, and is intended only for the addressee. Any copying, dissemination or other use of this information by anyone other than the intended recipient is prohibited except when required by any applicable laws or regulations.

**SAFETY DATA SHEET**Product: **SCE823624 SERENE BREEZE**Print Date: **September 27, 2024**

No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

**SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**

Chemical nature: Fragrance for consumer product

Fragrance Compound: A multi component mixture of fragrance ingredients. The specific chemical identities of the ingredients not listed herein are considered by VAPORO to be Trade Secrets and are withheld in accordance with the provisions of 1910.1200 of Title29 of the U.S. Code of Federal Regulations.

**SECTION 4. FIRST AID MEASURES****First aid procedures**

Inhalation: Remove from exposure site to fresh air and keep at rest. If victim is unconscious, remove foreign bodies from the mouth. If victim has stopped breathing, give artificial respiration. Obtain medical advice.

Skin contact: Remove contaminated clothes. Wash thoroughly with water (and soap). Contact physician if symptoms persist.

Eye contact: Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist

Ingestion: Rinse mouth with water and obtain medical advice.

**Notes to physician**

Risks: Causes skin irritation.  
May cause an allergic skin reaction.  
Causes serious eye irritation.  
Suspected of damaging fertility or the unborn child.

**SECTION 5. FIRE-FIGHTING MEASURES****Flammable properties**

Flash point: 188.60 °F (87.00 °C)

**Fire fighting**

Suitable extinguishing media: Use water spray, dry chemical, carbon dioxide or appropriate foam.

**Protective equipment and precautions for firefighters**

Special protective equipment for fire-fighters: Wear NIOSH approved self-contained breathing apparatus and full protective clothing when fighting fires involving chemicals. Use water spray to cool containers exposed to fire.

## SAFETY DATA SHEET

Product: SCE823624 SERENE BREEZE

Print Date: September 27, 2024

## SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions:	Avoid inhalation and contact with skin and eyes. A self-contained breathing apparatus is recommended in case of a major spill.
Environmental precautions:	Keep away from drains, surface- and groundwater and soil.
Methods for containment / Methods for cleaning up:	Clean up spillage promptly. Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Gross spillages should be contained by use of sand or inert powder and disposed of according to the local regulations.

## SECTION 7. HANDLING AND STORAGE

Handling:	Avoid excessive inhalation of concentrated vapors. Follow good manufacturing practices for housekeeping and personal hygiene. Wash any exposed skin immediately after any chemical contact, before breaks and meals, and at the end of each work period. Contaminated clothing and shoes should be thoroughly cleaned before re-use. If appropriate, procedures used during the handling of this material should also be used when cleaning equipment or removing residual chemicals from tanks or other containers, especially when steam or hot water is used, as this may increase vapor concentrations in the workplace air. Where chemicals are openly handled, access should be restricted to properly trained employees. Keep all heated processes at the lowest necessary temperature in order to minimize emissions of volatile chemicals into the air.
Advice on protection against fire and explosion:	Keep away from ignition sources and naked flame.
Requirements for storage areas and containers:	Store in a cool, dry, ventilated area away from heat sources. Keep containers upright and tightly closed when not in use.

## SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## Ingredients with workplace control parameters

Components	Listed by	Value	Exposure limit(s)
Cyclohexene, 1-methyl-4-(1-methylethenyl)-, (4R)-	USA. Workplace Environmental Exposure Levels (WEEL)	8-hr TWA	30 ppm

Engineering measures: Where feasible, isolate mixing rooms and other areas where this material is used or openly handled. Maintain these areas under negative air pressure relative to the rest of the plant. Where feasible, use closed systems to transfer and process this material.

## Personal protective equipment

Eye protection:	Use tight-fitting goggles, face shield or safety glasses with side shields if eye contact might occur.
Hand protection:	Avoid skin contact. Use chemically resistant gloves.

VAPORO FRAGRANCE &amp; MAKERS SUPPLIES

www.vaporo-usa.com

All the information provided herein is true and accurate at the date of issue and is based on our current of the composition of our products and of the composition of individual ingredients contained therein, based on internal measurements, data obtained from our vendors, or literature data. Customer shall be solely responsible for determining the appropriateness of VAPORO products for their intended use, and for ensuring that any claims, promotions, marketing and sales decisions that they may make with respect to their products shall be in compliance with all applicable laws and regulations.

This communication contains information of VAPORO and/or its affiliates that is confidential, proprietary, copyrighted and/or legally privileged, and is intended only for the addressee. Any copying, dissemination or other use of this information by anyone other than the intended recipient is prohibited except when required by any applicable laws or regulations.

**SAFETY DATA SHEET**Product: **SCE823624 SERENE BREEZE**Print Date: **September 27, 2024**

Skin and body protection:	Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place. Personal protection through wearing a tightly closed chemical protection suit and a self-contained breathing apparatus.
Respiratory protection:	Use local exhaust ventilation around open tanks and other open sources of potential exposures in order to avoid excessive inhalation, including places where this material is openly weighed or measured. In addition, use general dilution ventilation of the work area to eliminate or reduce possible worker exposures. No respiratory protection is required during normal operations in a workplace where engineering controls such as adequate ventilation, etc. are sufficient. If engineering controls and safe work practices are not sufficient, an approved, properly fitted respirator with organic vapor cartridges or canisters and particulate filters should be used: a)while engineering controls and appropriate safe work practices and/or procedures are being implemented; or b)during short term maintenance procedures when engineering controls are not in normal operation or are not sufficient; or c)if normal operational workplace vapor concentration in the air is increased due to heat ; d)during emergencies; or e)if engineering controls and operational practices are not sufficient to reduce airborne concentrations below an established occupational exposure limit.
Hygiene measures:	To the extent deemed appropriate, implement pre-placement and regularly scheduled ascertainment of symptoms and spirometry testing of lung function for workers who are regularly exposed to this material. To the extent deemed appropriate, use an experienced air sampling expert to identify and measure volatile chemicals that could be present in the workplace air to determine potential exposures and to ensure the continuing effectiveness of engineering controls and operational practices to minimize exposure.
Protective measures:	In December 2003, the National Institute for Occupational Safety and Health ("NIOSH") published an Alert on preventing lung disease in workers who use or make flavorings [NIOSH Publication Number 2004-110]. In August 2004, the United States Flavor and Extract Manufacturers Association (FEMA) issued a report entitled "Respiratory Safety in the Flavor Manufacturing Workplace". Both of these reports provide recommendations for reducing employee exposure and for medical surveillance in the workplace. The recommendations in these reports are generally applicable to the use of any chemical in the workplace and you are strongly urged to review both of these reports. The report published by FEMA also contains a list of "high priority" chemicals. If any of these chemicals are present in this product at a concentration $\geq 1.0\%$ due to an intentional addition by VAPORO, the chemical(s) will be identified in this safety data sheet.

**SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES****Appearance**

Physical state:	Liquid
Appearance:	Clear Liquid
Color:	pale yellow to yellow
Odor:	Conforms to standard

## SAFETY DATA SHEET

Product: **SCE823624 SERENE BREEZE**Print Date: **September 27, 2024**

Flash point: 188.60 °F (87.00 °C)  
Vapor pressure: .12 hPa (0.12 hPa)  
Note: Calculated  
Relative density (20 °C): 0.9675 - 0.9775

**SECTION 10. STABILITY AND REACTIVITY**

Conditions to avoid: Remarks: Direct sources of heat.  
Chemical stability: Remarks: Presents no significant reactivity hazard, by itself or in contact with water. Avoid contact with strong acids, alkali or oxidizing agents.  
Hazardous decomposition products: Note: Carbon monoxide and unidentified organic compounds may be formed during combustion.

**SECTION 11. TOXICOLOGICAL INFORMATION**

Toxicological information: There is no data available for this product. The health hazards are assessed based on the ingredients in this preparation and their concentrations.

**SECTION 12. ECOLOGICAL INFORMATION****Ecological information**

Additional ecological information: Avoid contamination of soil, ground and surface water.

**SECTION 13. DISPOSAL CONSIDERATIONS**

Contaminated packaging: Place material into sealed containers and dispose of in accordance with local, state and federal regulations.

**SECTION 14. TRANSPORT INFORMATION****DOT**

Proper shipping name: Combustible liquid, n.o.s. (DIPENTENE)  
Labels: NONE  
UN number: 1993  
Class: CBL  
Packing group: III  
Emergency Response Guidebook Number: 128

## SAFETY DATA SHEET

Product: **SCE823624 SERENE BREEZE**

Print Date: **September 27, 2024**

**DOT NON-BULK** Not dangerous goods

**IATA**  
 UN number: 3082  
 Description of the goods: ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (HEXAMETHYLINDANOPYRAN)  
 Class: 9  
 Packing group: III  
 ICAO-Labels: 9

**IMDG**  
 UN number: 3082  
 Description of the goods: ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S.(HEXAMETHYLINDANOPYRAN)  
 Class: 9  
 Packing group: III  
 IMDG-Labels: 9  
 EmSNumber 1 F-A  
 EmSNumber 2 S-F  
 Marine pollutant Yes (HEXAMETHYLINDANOPYRAN)

**Other Information**

Above applies only to containers over 119 gallons or 450 liters. Not regulated if shipped in packages less than or equal to 119 gallons (450 liters).

### SECTION 15. REGULATORY INFORMATION

SARA 311/312 Hazards : Flammable (gases, aerosols, liquids, or solids)  
 Skin corrosion or irritation  
 Serious eye damage or eye irritation  
 Respiratory or skin sensitisation  
 Reproductive toxicity

Reportable Quantity:

**HMIS Classification**

Health Hazard: 2  
 Chronic Health Hazard: \*  
 Flammability: 2
